GERMANY NOT ANXIOUS
FOR PEACE AT ANY PRICE.

Authoritative Denial That Von Bernstorff Had So Stated.

Berlin, Jan. 12 (By Wire to the Associated Press, via Sayville).—The semi-official Norddeutsche Allgemeine Zeitung publishes an apparently authoritative denial of reports said to have been printed in foreign newspapers that Count von Bernstorff, German ambassador to the United States, had stated that Germany was anxious for peace at any price, was willing to restore and reimburse Belgium and to pay a war indemnity.

"It is clear," asserts the newspaper, "that the ambassador never could have made such a statement, but it has to be proved that neither Count von Bernstorff nor any member of the German embassy at Washington ever said any such thing."

There is no record that any such statements as are referred to in the foregoing have been credited to Count von Bernstorff.

Bridgeport.—Arrangements have begun for the fifth annual automobile show which will be held in the state armory on Main street from Feb. 13 to 24, inclusive, under the auspices of the Coast Artillery corps. The affair is being planned by the battalion committee.

DELEGATES OF BROTHERHOODS
IN SESSION AT CHICAGO.

Discussed Various Phases of Railway Employment Situation.

Chicago, Jan. 12.—Delegates from the four big railway brotherhoods attending sessions of their conference today discussed various phases of the railway employment situation. No formal action was taken, it being decided that nothing should be done until after the United States supreme court has ruled upon the constitutionality of the Adamson law.

Among the subjects discussed were methods to combat the passage of a compulsory investigation of rail dispatchers as outlined in the Adamson act. The railway employees never will countenance any compulsory investigation which compels the men to remain at work while the other fellow goes on strike, said W. G. McKeen, head of the Brotherhood of Railway Trainmen.

DUTCH PAPER DISPLEASED
WITH THE ENTENTE NOTE

Nieuw Van Den Dag Says Entente Aims at War of Conquest.

Amsterdam, Jan. 12, via London, 5 p.m.—The Nieuw Van Den Dag, which is a strong peace advocate, is displeased with the entente note. It says: "The allies could hardly have made it known more clearly that they do not wish to hear of peace. The entente's war aims are plans of conquest, not of peace. The restoration of Belgium, Serbia, etc., but in the talk about the people of nationalities and the removal of Alsace-Lorraine, Austria's Slavio Rumanian territories and Turkey."

Norwich Patient Caught at Westerly

Patrick Quinlan, Who Escaped from State Hospital, Returned
—Peter Cofone Secures \$1,000 Bail—Held For Assault
on Foreman Harry Clapp—Accident to Herbert M. Swinney.

Peter Cofone, arrested December 21, charged with committing a violent assault with a dangerous weapon upon Harry Clapp, a foreman of the New England Granite company, on September 19, 1911, was given a hearing before Judge Oliver H. Williams of the Third District court today. Cofone was adjudged probably guilty and bound over to the February session of the superior court for Washington county, the bail being fixed at \$1,000. Cofone was represented by Attorney A. T. L. Ledwidge and no defense was offered. Cofone later secured bail.

Harry Clapp testified that he had discharged Cofone from work working in a quarry hole for him on the morning of September 19, 1911, telling him that his work was not satisfactory and to go to the office and get his money. Clapp said that he started up a ladder out of the quarry hole and the last he remembered was that Cofone was following him and that he was hit over the head. His scalp was lacerated back of one ear.

Dr. J. De Vere Barber testified that he attended Clapp taking several stitches to close a wound back of the ear. Clapp was confined to his bed about a week.

Charles Royster, colored, stated that he saw several men gathered about Clapp and that he went to him and found him lying in a pool of blood. He did not see the assault committed. He took Clapp up the ladder and took Louis Morano to take him to the office.

Louis Morano testified that he took Clapp about half way to the quarry hole, but he did not see Cofone strike Clapp.

Officer Fred Mitchell told of being notified of the alleged assault. He went to the quarry and saw Cofone and the man. He said he had not seen Cofone in town from that time to the day he and Chief of Police Thomas E. Brown arrested him.

David L. McLaren, manager of the New England Granite works testified

that Cofone did not come for his money at the office of the company, but Mrs. Cofone came for it about ten days ago. The handle of a pick ax which Cofone is alleged to have used in committing the assault was exhibited in court.

At the annual meeting of the New England Water Works association held at the Hotel Brant in Boston, Thomas McKenize, superintendent of the Westerly Water Works was elected vice president.

The force employed at the banking quarters of the trust company on Broad street, has been engaged today in making the transfer from the temporary quarters to the new granite structure on High street which will be opened for business Monday.

Patrick Quinlan, who escaped from the state hospital at Norwich, was taken into custody today by Chief of Police Thomas E. Brown, who located the man on the Varietyville road. Officer Michael Nolan of Norwich came for the man late Friday afternoon.

Information was received here Friday that Herbert M. Swinney of Norwich, a member of the firm of Babcock and Wilcox of Westerly, has sustained a fracture of both bones of the left leg. He was taken to the Lawrence hospital in New London, where he is reported to be resting comfortably.

Local Laconics.

Mrs. Charles A. Wilbur, after spending several days with her daughter, Mrs. George B. Utter on High street, returned on Friday to her home in Bridgeport, Mass.

Rev. F. C. A. Jones, pastor of the Calvary Baptist church, has returned from Boston, where he had been attending the meetings at the Sunday tabernacle for two days.

CZAR TAKES A STAND AGAINST RADICAL ELEMENT.

Dismissal of M. Treppoff Prompted by Assassination of Monk Rasputin.

Berlin, Jan. 12 (By Wire to the Associated Press, via Sayville).—The fall of Premier Treppoff of Russia is said by the Overseas News agency to have been occasioned by the decision of Emperor Nicholas to take a decided stand against the radical elements. In dismissing M. Treppoff, the news agency says, the emperor was prompted by the assassination of the monk Rasputin.

The following details, the news agency says, have just been received from Russia: "The involuntary resignation of M. Treppoff and M. Ignatieff (former minister of education) are described as beginning the complete reorganization of the Russian government prompted by the assassination of Rasputin, the emperor decided to take the firmest stand against the radical elements. M. Treppoff and the other members of the cabinet, with the exception of M. Protopopoff, minister of the interior, were dismissed. The emperor decided to take a provisional appointment, was confirmed in office by the emperor without the consent of M. Treppoff. Thereupon the premier and the other ministers hastened to the emperor's headquarters and protested against recent developments. The answer of the emperor was that he had decided to reorganize his cabinet and exclude all ministers who had taken part in the plot. M. Treppoff and M. Ignatieff were dismissed. The emperor's decision was a surprise to the public. The emperor's decision was a surprise to the public. The emperor's decision was a surprise to the public."

The power behind the throne is now M. Protopopoff, Prince Goltzinski, who nominally is the new prime minister, is best characterized as to his policies by the fact that he is known as the "duma" which will keep quiet as soon as it gets a beating."

AUSTRIA REPUDIATES THE RESPONSIBILITY FOR WAR

In Note Addressed to Representatives of Neutral Countries.

London, Jan. 12, 4.38 p. m.—Count Czernin von Chudenitz, the Austro-Hungarian foreign minister, has addressed to the diplomatic representatives of the United States and other neutrals and of the Holy See, a note repudiating the Austro-Hungarian government's view of the situation created by the entente's reply to the peace proposals.

The note although not identical with the German note, follows the same lines, the despatch says, emphasizing particularly the situation existing between Austria and Serbia. In this section the note is thus quoted: "In the years preceding the Austro-Hungarian ultimatum to Serbia the Austro-Hungarian government's view of the situation created by the entente's reply to the peace proposals."
